

'Don't let anyone look down on you because you are young but set an example for the believers in speech; in conduct; in love; in faith and in purity (1 Timothy 4:12).'

St Paul's Church of England Primary School

Intent, Implementation, and Impact in PSHE

Intent	Implementation	Impact
As St. Paul tells us, "Don't let anyone look down on you because you are young but set an example for the believers in speech; in conduct; in love; in faith and in purity" (1 Timothy 4:12). Our vision enables and inspires the diverse community we serve to achieve their goals and aspirations. We accomplish this through our unwavering Christian ethos which permeates all we do, as we value every member of our school community regardless of age, gender, ethnicity or faith. The purpose of PSHE at St Paul's is to allow all our children to learn and develop key life skills, readying them for the next stage of their life and by the end of their journey at St Paul's, aiding them to mature into adulthood and to become active global citizens. The curriculum that we follow is from the PSHE Association and is based on life in today's climate. The curriculum is designed to allow all children to learn,	The school curriculum will focus on three core learning themes: health and wellbeing, relationships and living in the wider world. We use the PSHE Association scheme of work which has been personalised to meet the needs of our children. The PSHE topics are reviews yearly to allow any required changes to be made. Our personalised curriculum is also supported by Church of England guidance 'Valuing all God's Children' Our personalised Scheme of work includes opportunities to link learning to British Values, Spiritual, Moral, Social and Cultural (SMSC). Children have access to key knowledge, questions, language and meanings in order to understand PSHE and its links across the wider curriculum subjects. Working floor books are used in each classroom to exemplify the learning within this subject. Personal journals are	We firmly believe that a meaningful and personalised PSHE curriculum is the key to children becoming confident, tolerant and well-rounded adults, who are equipped with knowledge, skills and attributes to help navigate themselves through modern life.

develop and use skills they need to help them when faced with the experiences and challenges day to day life brings. Our curriculum is personalised to ensure all our children are able to access it. The personalisation of the curriculum ensures that we provide all learners with the opportunity and challenge to develop their own character, incorporating the importance of British values and equality and diversity. Our curriculum intends to allow children to make informed choices for themselves about all areas of life, particularly healthy living and their career choices. PSHE runs through all that we do at St Paul's and our personalised curriculum shows how PSHE links to many areas of school life. Children are taught PSHE not only through direct PSHE sessions but through whole-school activities such as worships. We also teach the life skills PSHE provides through a selection of other subjects; including science and RE to ensure the personal development of our children is at the heart of all that we do.	also used to evidence individual learning and assessment opportunities. Whole school worships, broadcasts and theme days are planned to incorporate links to PSHE, British Values and SMSC. We encourage our pupils to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community. We challenge all of our pupils to look for opportunities to show the school values of faith, hope and love.
